

April 2014

Fishing Club Meeting

Tues. April 8 2014 9:00 am

At CHEC

Ever want to know where some of those spots in the harbor you hear the names of???  
Bring your map because-----

This month's speaker is Robert Lugiezicz. Noted fishing speaker and all around great general manager at Fishin' Frank's, will fill you in on sites like the cattle dock and two pines among others.

He will be bringing us up to date on Tarpon Tech. for this year and all about shark fishing!

Bring a friend if you wish: last meeting we had 30 good fishermen and one so so moderator!

We will be talking about cast nets and in May Capt. Nevin will again be demonstrating and helping those interested learn to become more efficient capturing bait.

See you Tuesday

Capt. Doug
