

June 2014

June 2014 meeting.

Tuesday's fishing club meeting was the last one for the summer months and will start again in September. We had a good turnout with approximately 35 in attendance. Capt. Josh Greer was the guest speaker and his topic was fishing for tarpon and offshore fishing. He also talked about shark fishing in the harbor.

Doug Holmes has set up the fishing mentoring system for newer folks to learn about fishing in and around the harbor and offshore fishing.

The fishing club made a donation to CHEC from our coffee fund for the use of their facilities.

Capt. Nevin Colver and Doug Rhees
