

February 2015

Well that was the first time we were stood up by a speaker. Even so I think we had a good meeting thanks to Capt. Nevin's talk on offshore ideas and input from Len Harris (looking forward to seeing that film clip) and Paul Robinson's info on pulling the deep anchor the easy way. Sorry we didn't have many fishing reports but the wind, fronts, and the full moon haven't been on our side lately. Like Capt. Nevin says every fishing trip begins with a hunting trip so don't get stuck in one spot move around until you find um.

Please don't forget Capt. Ron Dressler's request for 2 helpers for the kids fishing day in March.

With today's donations \$54.00 we now have \$154.75. I need to buy cups for next meeting.

Want to see something new on the BSIBC web site??? Let Doug Holmes know he is working hard to improve the site with what you want. Hey Doug, how about featuring a new boat each month after all we are a BOAT CLUB?

Let's talk more about an early summer trip to the keys!

Thanks for your being a part of our fishing club.

Good Fishing guys,

Capt.'s Doug & Nevin
