

January 2015 Reminder

**Fishing Club Meeting coming up:
next Tues. Jan. 13, at CHEC 9:00 am, Don't miss it !**

It's a new year and I have been asked where all the water has gone. Well, one of the best ways to utilize these low, low tides is to wade fish and who better to show a few of his secrets for success than Tom Kasperzak. Tom is a long time wader who learned from the best. He will be sharing his ideas on wade fishing with us at Tuesday meeting.

Offshore season has just opened on Red Grouper and Amberjack so Captain Nevin will give us a few tips on making up rigs for bait as well as the big boys. I use them and they are great.

Fishin' Frank and his crew all thanked us for bringing them pizzas and soda for lunch, just before Christmas.

Don't forget to bring \$2.00 to kick in for expenses, EVEN if you don't eat donuts or drink coffee.

See you there,

Capt.'s. Doug & Nevin
